

We develop products and services that make many things easier. And you?

UTA Edenred ensures **professional mobility throughout Europe**. It is important to us that you want to make a difference! We are looking for a full-time position as of now:

(Senior) Product Manager (all genders) - Salesforce

Your responsibilities:

- Drive the execution of Edenred Mobility's product strategy by defining a clear CRM and SRM vision and aligning the roadmap with business goals
- Collaborate across engineering, finance, customer excellence, and sales to design impactful, cost-efficient product solutions
- Lead the full product lifecycle — from ideation and research to delivery, iteration, and optimization based on data and feedback
- Translate business needs into precise product specifications, ensuring quality outcomes through close work with Product Owners and Tech Leads
- Foster strong stakeholder relationships, communicate key milestones, and maintain a proactive, solution-oriented mindset

Your profile:

- Hold a strong academic foundation in Business, Industrial Engineering, or Information Technology and bring extensive experience in Salesforce product management within innovative, tech-driven environments such as start-ups or scale-ups
- Combine strategic vision with deep, hands-on expertise in product discovery, user research, agile methodologies, and prioritization frameworks, using modern product management tools
- Communicate and collaborate effectively across all levels, demonstrating leadership, end-to-end product lifecycle management, and a solid understanding of CRM deployment and information system impacts
- Operate with a data-driven, agile, and transformation-oriented mindset, leveraging insights and metrics to guide decisions and drive impact
- Fluent in English, with German or another European language considered a strong advantage
