01 July 2025

# UTA Edenred's EV charging network now features Powerdot charging stations

- **Approximately 8,000 Powerdot charging points in France, Spain, Belgium and Poland are now available to UTA eCharge® users, with more to follow**
- **Facilities in highly trafficked locations support 200 kW charging for passenger cars and vans**

**Kleinostheim, Germany** – [UTA Edenred](#), a leading mobility service provider in Europe and an Edenred company, is partnering with Portuguese charging point operator Powerdot to expand its European public charging network. UTA eCharge® electromobility solution users can now access around 8,000 Powerdot charging points in France, Spain, Belgium and Poland.

The Powerdot stations join UTA Edenred's growing public charging network, which features more than 925,000 charging points in 28 European countries. A further 8,000 Powerdot charging points – currently under development – will be added to UTA Edenred's network when completed.

Powerdot charging stations support passenger cars and light transport vehicles. Each station is equipped with Combined Charging System (CCS) and Type 2 charging plugs as well as CHAdeMO plugs, which allow up to 200 kW ultra-fast charging. All Powerdot facilities are located near supermarkets, shopping malls, restaurants, hotels and other highly trafficked destinations, for maximum convenience.

Powerdot stations can be quickly and easily located via the UTA eCharge® smartphone app. Charging transactions can be conveniently settled via a UTA eCard or the UTA eCharge app.

**Pierre Jalady, General Manager Mobility EMEA at Edenred and CEO of UTA Edenred, says:** "Our UTA eCharge® network provides customers with exceptionally dense coverage for the most efficient EV experience, be it locally or on a cross-country journey. The cooperation with Powerdot – the largest independent charging operator in Europe – significantly enhances our offering."

**Luis Santiago Pinto, CEO of Powerdot, adds:** "Our mission is to provide fast and ultra-fast charging wherever people shop, dine and travel. The collaboration with UTA Edenred makes it even easier for drivers to access charging facilities while going about their daily lives. This partnership reinforces our shared goal: making electric mobility more seamless, accessible and practical for all."

**Edenred** is a leading digital platform for services and payments and the everyday companion for people at work, connecting more than 60 million users and more than 2 million partner merchants in 45 countries via 1 million corporate clients.

Edenred offers specific-purpose payment solutions for food (such as meal benefits), engagement (such as gift cards and engagement platforms), mobility (such as multi-energy solutions, including EV charging, maintenance, toll and parking) and corporate payments (such as virtual cards).

True to the Group's purpose, "Enrich connections. For good.", these solutions enhance users' well-being and purchasing power. They improve companies' attractiveness and efficiency, and vitalize the employment market and the local economy. They also foster access to healthier food, more environmentally friendly products and sustainable mobility. Edenred's 12,000 employees are committed to making the world of work a connected ecosystem that is safer, more efficient and more responsible every day.

In 2024, thanks to its global technology assets, the Group managed close to €45 billion in business volume, primarily carried out via mobile applications, online platforms and cards.

Edenred is listed on the Euronext Paris stock exchange and included in the following indices: CAC 40, CAC 40 ESG, CAC Large 60, Euronext 100, Euronext Tech Leaders, FTSE4Good, DJSI Europe Index, DJSI World Index, and MSCI Europe.
