18 November 2025

UTA eCharge® users can now access Tesla Supercharger network

- **20,000 Tesla Superchargers with up to 250 kW of power are available at 1,500 locations across Europe**
- **The UTA eCharge network grows to more than one million charging points**

Kleinostheim, Germany – [UTA Edenred](#), a leading mobility service provider in Europe and an Edenred company, is now offering its UTA eCharge® customers access to Tesla Supercharger network. With over 20,000 charging points at more than 1,500 locations and charging capacities of up to 250 kW, the Tesla network is the largest and most reliable of its type in Europe.

UTA customers can access Tesla Superchargers via the UTA eCharge app or Tesla app. Tesla's charging infrastructure supports electric vehicles from all manufacturers. Charging processes are conveniently managed via UTA eCharge, while resulting costs are itemised on a consolidated UTA invoice.

The addition of the Tesla charging network significantly expands UTA Edenred's public charging offer to more than one million charging points in 28 countries, providing customers with seamless charging infrastructure for journeys throughout Europe.

Pierre Jalady, General Manager Edenred Mobility EMEA and CEO of UTA Edenred, said: "I'm delighted that our electromobility customers can now access Tesla's fast-charging network and benefit from a leading fast-charging offering. With this step, we enhanced the value of UTA eCharge further."

As a 360° charging solution, UTA eCharge supports public charging as well as charging at company premises, depots and drivers' homes. By using UTA eCharge in conjunction with the UTA eCard charging card or UTA eCharge app, vehicles of all classes - from cars and vans to trucks - can be optimally charged.

The full 360° charging offer is currently available to UTA customers in Germany and will be rolled-out in other European markets in the coming months.

UNION TANK Eckstein GmbH & Co. KG (UTA Edenred) is a leading European mobility service provider. With UTA Edenred acceptance media, commercial fleet operators of all sizes can access more than 89,000 acceptance points in 38 countries. They can enjoy benefits such as cash-free access to conventional and alternative fuels independent of brand; a comprehensive EV charging offer with a rapidly growing charging network for electric and hybrid vehicles; electronic toll settlement in 27 European countries; vehicle services such as breakdown, towing, repair, and cleaning; and VAT and fuel tax refunds through UTA Edenred's service provider partner. In addition, through UTA Edenred's digital platform, customers can access state-of-the-art software for fuel planning, fleet management and telematics as well as a digital fuel card for fast, convenient handling of refuelling via smartphone.

In 2025 - for the fifth year running - UTA Edenred was voted "Best fuel card service provider for SMEs" (ranking by WirtschaftsWoche magazine/ServiceValue). Founded in 1963 by Heinrich Eckstein, UTA Edenred is today part of Edenred SE.

Edenred is the leading digital platform for corporate services in the areas of benefits, professional mobility, and B2B payments. Operating in 44 countries, it connects more than 60 million users to over 2 million partner merchants through more than 1 million client companies.

Edenred offers solutions dedicated to employee engagement (meal vouchers, commuting, gift vouchers, wellness, rewards, and preferential offers to boost purchasing power), mobility (multi-energy solutions, including EV charging, fleet management services, maintenance, toll, and parking), and corporate payments (virtual cards). In addition to its own solutions, Edenred also distributes offers from more than 120 partners on its platform.

True to the Group's purpose, "Enrich connections. For good.", these solutions enhance users' well-being and purchasing power and simplify the lives of professional drivers while promoting access to healthier food, more environmentally friendly products, and more sustainable mobility. They improve the attractiveness and efficiency of businesses and vitalize the employment market and the local economy.

Edenred's 12,000 employees are committed to making the world of work a connected ecosystem that is safer, more efficient and more responsible every day.

In 2024, thanks to its global technology assets, the Group generated a business volume of nearly €45 billion, mainly through mobile applications, online platforms and cards.

Edenred is listed on the Euronext Paris stock exchange and included in the following indices: CAC 40, CAC 40 ESG, CAC Large 60, Euronext 100, Euronext Tech Leaders, FTSE4Good, DJSI Europe Index, DJSI World Index, and MSCI Europe.
