

We develop products and services that make many things easier. And you?

UTA Edenred ensures **professional mobility throughout Europe**. It is important to us that you want to make a difference! We are looking for a full-time position as of now:

Lead Product Designer (all genders)

Your responsibilities:

- **Manage a small team** of Product Designers, ensuring high-quality deliverables, fostering career growth, and developing both hard and soft skills
- Build and inspire a high-performing, collaborative, and creative design team, championing accountability and a user-centered design culture across all tribes
- Drive **end-to-end design initiatives** - from discovery and research to delivery, using insights from usability testing and data analysis to guide strategic decisions
- Evolve and scale the **design system** as a global standard for **digital products**, ensuring consistency, innovation, and alignment with emerging trends and technologies
- Collaborate with senior stakeholders and product leaders to define **product vision, strategy and roadmaps**, while ensuring design excellence throughout execution

Your profile:

- Multiple years of experience and proven track record in product design **people management**, delivering design excellence in complex, fast-paced environments
- Expertise in **modern design tools** (Figma, Miro), user research, usability testing, and evolving design systems
- Strong understanding of Agile frameworks, prioritization, and collaboration with cross-functional teams using tools like Jira and Confluence; knowledge of front-end technologies and mobility/EV solutions is a plus
- Proactive, hands-on leader, able to influence stakeholders, drive collaboration, and advocate for users
- **Fluency in English and German** (French or Italian is a plus), excellent communication and storytelling skills
