

We develop products and services that make many things easier. And you?

UTA Edenred ensures **professional mobility throughout Europe**. It is important to us that you want to make a difference! We are looking for a full-time position as of now:

Lead Product Designer (all genders)

Your responsibilities:

- Lead and mentor a small team of Product Designers, ensuring high-quality deliverables, fostering career growth, and developing hard and soft skills
- Build and inspire a high-performing, collaborative, and creative design team, championing accountability and a user-centered design culture across all tribes
- Drive end-to-end design initiatives, from discovery and research to delivery, using insights from usability testing and data analysis to guide strategic decisions
- Evolve and scale the design system as a global standard for Summit products, ensuring consistency, innovation, and alignment with emerging trends and technologies
- Collaborate with senior stakeholders and product leaders to define product vision, strategy, and roadmaps, while ensuring design excellence across execution

Your profile:

- Multiple years of experience and proven track record in product design leadership, delivering design excellence in complex, fast-paced environments
- Expertise in modern design tools (Figma, Miro), user research, usability testing, and evolving design systems
- Strong understanding of Agile frameworks, prioritization, and collaboration with cross-functional teams using tools like Jira and Confluence; knowledge of front-end technologies and mobility/EV Solutions is a plus
- Proactive, hands-on leader, able to influence stakeholders, drive collaboration, and advocate for users
- Excellent communication and storytelling skills, fluent in English and German, with French or Italian as a plus
