# UTA Edenred leverages Spirii technology for home, workplace and depot charging offering

- **Transformation of UTA eCharge® into a 360° charging solution**
- **Offering to be initially available to UTA Edenred customers in Germany and France**
- **Spirii, a European SaaS platform dedicated to EV charging solutions, is majority-owned by Edenred**

**Kleinostheim, Germany** – [UTA Edenred](#), a leading mobility service provider in Europe and an Edenred company, is leveraging the technology from leading provider of electric vehicle (EV) charging platform solutions Spirii to provide electric and hybrid fleet customers with a comprehensive solution for workplace and home charging as well as depot charging for trucks. Spirii is majority-owned by Edenred and its portfolio includes charging stations and wallboxes, installation and processing services, software and a smartphone app for controlling charging processes. The collaboration between UTA Edenred and Spirii transforms the existing UTA eCharge® charging solution into a 360° offering that meets the varied needs of European e-mobility customers from both the corporate fleet and the transport and logistics sector.

UTA eCharge home, workplace and depot charging capabilities will initially be available to customers in Germany and France.

**Pierre Jalady, CEO of UTA Edenred and General Manager Edenred Mobility EMEA, says:** "We've long helped our customers navigate changes in the mobility sector, with the latest change being the journey to electromobility. Edenred's majority shareholding in Spirii gives us the resources to incorporate work, home and depot charging into our e-mobility offering."

**Tore Hærritshøj, Co-founder and CEO of Spirii, says:** "We're pleased to apply our expertise and charging solutions to Edenred's mobility portfolio. Together with UTA Edenred, we'll take UTA eCharge to a new level and offer users a truly seamless experience, no matter where or when they charge their vehicles."

## **UTA eCharge: a multi-energy solution for charging, refuelling, toll settlement and more**

With a network of more than 612,000 public charging points in 28 European countries, UTA eCharge customers benefit from one of the leading e-mobility offerings on the market. Designed as a multi-energy solution, UTA eCharge enables charging processes to be processed via a UTA eCard, and also provides access to conventional and alternative fuels, toll settlement services and UTA Plus Services such as breakdown, workshop, tyre, cleaning and more.

**UNION TANK Eckstein GmbH & Co. KG (UTA Edenred)** is a leading European mobility service provider. With UTA Edenred acceptance media, commercial fleet operators of all sizes can access more than 83,000 acceptance points in 40 countries. They can enjoy benefits such as cash-free access to conventional and alternative fuels independent of brand; a rapidly growing charging network for electric and hybrid vehicles; electronic toll settlement in 27 European countries; vehicle services such as breakdown, towing, repair, and cleaning; and VAT and fuel tax refunds through UTA Edenred's service provider partner. In addition, through UTA Edenred's digital platform, customers can access state-of-the-art software for fuel planning, fleet management and telematics as well as a digital fuel card for fast, convenient handling of refuelling via smartphone.

In 2024 - for the fourth year running - UTA Edenred was voted "Best fuel card service provider for SMEs" (ranking by WirtschaftsWoche magazine/ServiceValue). Founded in 1963 by Heinrich Eckstein, UTA Edenred is today part of Edenred SE.

**Edenred** is a leading digital platform for services and payments and the everyday companion for people at work, connecting more than 60 million users and more than 2 million partner merchants in 45 countries via close to 1 million corporate clients.

Edenred offers specific-purpose payment solutions for food (such as meal benefits), engagement (such as gift cards and engagement platforms), mobility (such as multi-energy solutions, including EV charging, maintenance, toll and parking) and corporate payments (such as virtual cards).

True to the Group's purpose, "Enrich connections. For good.", these solutions enhance users' well-being and purchasing power. They improve companies' attractiveness and efficiency, and vitalize the employment market and the local economy. They also foster access to healthier food, more environmentally friendly products and sustainable mobility.

Edenred's 12,000 employees are committed to making the world of work a connected ecosystem that is safer, more efficient and more responsible every day.

In 2023, thanks to its global technology assets, the Group managed €41 billion in business volume, primarily carried out via mobile applications, online platforms and cards.

Edenred is listed on the Euronext Paris stock exchange and included in the following indices: CAC 40, CAC 40 ESG, CAC Large 60, Euronext 100, Euronext Tech Leaders, FTSE4Good and MSCI Europe.

**Spirii** offers a market-leading charge point management system and customized charging solutions for companies and charge point operators.

Founded in 2019 in Copenhagen, Spirii boasts offices in Copenhagen, Barcelona, Hamburg, Nice, and London, with a dedicated team of 110 dedicated professionals driving the future of electric mobility forward. With an extensive partner charge point network spanning two continents and more than 400,000 charge points through roaming agreements, Spirii serves a diverse clientele across various sectors, including logistics, fleet, real estate, retail, and energy and utility companies.

At Spirii, we understand the complexities of the electric mobility landscape. That's why our comprehensive software platform caters to the unique needs of charge point operators, fleet managers, companies, and EV drivers. Our solution seamlessly integrates with the energy grid through smart grid and energy management solutions, while remaining hardware agnostic.

Spirii offers turn-key charging solutions, a comprehensive EV charging management platform, and an intuitive end-user charging and roaming app. Our commitment to democratizing electric mobility is evident in our focus on innovation, sustainability, and customer satisfaction. Spirii is dedicated to leading the charge towards a cleaner, greener future for all.
