

UTA Edenred expands acceptance network in Finland via Teboil partnership

- **Agreement adds 430 Teboil fuel stations to UTA Edenred's Finnish network, for a total of around 1,000 stations across the country**
- **Teboil stations offer diesel, petrol, HVO and AdBlue, plus 24/7 self service capabilities**
- **Initially, around 200 HGV fuel stations available to UTA customers; more Teboil stations to be added in the coming months**

Kleinostheim, Germany – [UTA Edenred](#), a leading mobility service provider in Europe and an Edenred company, has expanded its acceptance network in Finland via a partnership with Vantaa-based energy provider Oy Teboil Ab ("Teboil"). As part of the agreement, a total of around 430 Teboil-branded stations will be added to the UTA network in Finland. In the first step, around 200 HGV-suitable stations will be available to UTA customers. Further 230 stations, including fuel stations for cars, will be added in the coming months.

In total, the partnership with Teboil increases UTA Edenred's acceptance network in Finland to around 1,000 stations across the country.

The Teboil stations feature different concepts for different target users. Teboil D stations, for example, cater to HGVs, whereas Teboil express and automatic stations are designed for passenger cars. All the stations provide diesel fuel, including winter diesel, petrol, HVO, AdBlue and 24/7 self-service capabilities for UTA customers.

At 19 of the Teboil stations, a unified tariff applies to UTA customers. The tariff can be called up in the UTA Service Center.

Lukas Schneider, Commercial Director EMEA at UTA Edenred, says: "With more than 68,000 fuel stations in 37 countries, we offer our customers a comprehensive acceptance network across Europe. The Teboil partnership is a key step in the development of our Scandinavian network that provides customers with even more options on their routes through Northern Europe."

Toni Flyckt, Head of Marketing & Communication at Oy Teboil Ab says: "We are truly excited about our collaboration with UTA Edenred. Through this partnership, UTA Card holders will gain access to approximately 430 new fuelling stations in Finland, including over 200 D-automats dedicated to professional traffic. Consumer fuelling stations will be added to the network during the spring. In addition to fuelling locations, UTA Card holders can also take advantage of around 80 service stations, providing a great place for a short break during the journey."

In addition to Teboil, the UTA acceptance network in Finland incorporates stations operated by Neste.

UNION TANK Eckstein GmbH & Co. KG (UTA Edenred) is a leading European mobility service provider. With UTA Edenred acceptance media, commercial fleet operators of all sizes can access more than 88,000 acceptance points in 40 countries. They can enjoy benefits such as cash-free access to conventional and alternative fuels independent of brand; a rapidly growing charging network for electric and hybrid vehicles; electronic toll settlement in 27 European countries; vehicle services such as breakdown, towing, repair, and cleaning; and VAT and fuel tax refunds through UTA Edenred's service provider partner. In addition, through UTA Edenred's digital platform, customers can access state-of-the-art software for fuel planning, fleet management and telematics as well as a digital fuel card for fast, convenient handling of refuelling via smartphone.

In 2024 - for the fourth year running - UTA Edenred was voted "Best fuel card service provider for SMEs" (ranking by WirtschaftsWoche magazine/ServiceValue) and received the German B2B Award from the German Society for Consumer Studies. Founded in 1963 by Heinrich Eckstein, UTA Edenred is today part of Edenred SE.
