

We develop products and services that make many things easier. And you?

UTA Edenred ensures **professional mobility throughout Europe**. It is important to us that you want to make a difference! We are looking for a full-time position as of now:

Product Manager (all genders) - Fleet Management

Your responsibilities:

- Drive the Fleet Manager product vision and strategy for Edenred's European Fleet Manager online platform, ensuring alignment with business goals
- Design and manage the Tribe's product roadmap, owning the full product lifecycle from ideation to release and iteration
- Collaborate with internal stakeholders (Engineering, Finance, Customer Excellence, Sales) to deliver high-quality product solutions at minimal development cost
- Conduct market and user research to identify opportunities, prioritize features, and ensure products meet customer needs effectively
- Monitor performance through data analysis and user feedback, communicate milestones companywide, and foster strong cross-European product collaboration

Your profile:

- Bachelor's or Master's degree in Business Administration, Industrial Engineering, or Information Technology with proven experience in product management within innovative, tech-driven environments
- Strong proficiency in agile product management frameworks, product strategy development, user research methodologies, prioritization frameworks, and key product tools
- Demonstrated ability to manage products across the full lifecycle, with strategic thinking, product discovery, and design expertise
- Excellent communication and collaboration skills to work effectively with stakeholders across hierarchies, combined with a positive mindset, leadership, and hands-on mentality
- Data-driven approach to measuring product impact, readiness for transformation, agile working style
- Fluent in English, with German or another European language considered a strong advantage
