

We develop products and services that make many things easier. And you?

UTA Edenred ensures **professional mobility throughout Europe**. It is important to us that you want to make a difference! We are looking for a full-time position as of now:

Product Manager (all genders)

Your responsibilities:

- Actively drive the future of sustainable mobility and shape smart product solutions at the intersection of Mobility and FinTech
- Use your expertise to turn product visions into real market successes — from initial idea to scalable rollout
- Lead the digital transformation of our platforms and develop solutions that combine customer experience, efficiency, and future readiness
- Set new industry standards by linking sustainability, digital services, and innovative payment technologies
- Stay ahead of trends, identify opportunities early, and turn them into pioneering product strategies with real business impact

Your profile:

- Degree in Digital Business, Innovation, or Business Administration plus several years of experience in digital product management — confident using Atlassian, Jira, Confluence, and Figma
- Experience in dynamic, technology-driven environments such as Mobility, FinTech, start-ups, or replatforming projects
- Data-driven management of the entire product lifecycle from strategy to go-to-market, with efficient prioritization and strong focus on business impact
- Passion for digital transformation, sustainable mobility, and innovative, scalable platform solutions centered around customer needs
- Strong sense for customer needs and confident communicator in both German and English across all organizational levels
